

simple & safe®

Quality ice melter

Simple & Safe® Ice Melter has been carefully formulated to be the safer alternative to traditional rock salt. **Simple & Safe®** is formulated as a top-quality ice and snow melter, that outperforms other ice melters. **Simple & Safe®** Ice Melter is colored orange and stands out against ice and snow. This allows precise spreading of the product, preventing over application and essentially saving you money!

Formulated to provide soil supporting compounds

Simple & Safe® is safer* for plants and animals when compared to the leading ice melt brands

Colored Orange for Consistent Visual Distribution

Contains: Sodium Chloride, Calcium Chloride, Magnesium Chloride and Potassium Chloride

*When used as directed
